Builders Pack EZY AS SUB TANK OPTION

The EZY AS Sub tank option is available and pre-installed throughout our tank range. The Ezy AS Sub is a class leading submersible multi-stage pressure system with auto-restart electronic pump control for automatic operation topped with a float valve for smooth switch of water and a full flow rain to mains change over. It's as EZY AS picking a tank, picking a colour and having the pump pre-installed, EZY AS.

EzyAs Tank submersible comes in all our slimline and round tank options.
